- For a small charge, a technician inspects and evaluates areas of the home for energy.

Florida Power and Light - 462-0555 Free Energy Inspection

- A technician inspects and evaluates areas of the home for energy improvement and informs of grants to help with the recommendation expenses. www.fpl.com/residential/electric/highbill.shtml?id=hpr

REDUCE ENERGY USE

Weatherization Assistance Program - 772-597-3667 – this program can help with improving the energy efficiency of your home. www.inphihousing.org/repair.htm

Energy Star - www.energystar.gov/index.cfm?c=home_improvement.hm_improvement_index

SAVINGS AND/OR BILL REDUCTION

Fort Pierce Utilities - 466-1600

- **Budget Billing-** A program that makes electric bills more predictable by averaging energy costs over the year so the bill is about the same each month. www.fpuu.com/customer_service/budget_bill.php

Florida Power and Light

- **On-Call System** - By enrolling, you let FPL occasionally turn off equipment, for short periods of time, only when absolutely necessary. In return, you receive a monthly credit on your bill even if On-Call is not used. www.fpl.com/residential/savings/index.shtml?id=hpr
- **Budget Billing-** A program that makes electric bills more predictable by averaging energy costs over the year so the bill is about the same each month. www.fpl.com/residential/budget_billing.shtml
